LITTLE ECHO.

To put the brake on the wagon going down the hill is a help to the horse, and the driver would think of applying the brake to a loaded wagon going up hill? If he did, his sensible horses would probably balk. Many a man is in the condition of pulling a load up hill with the brake set against him. When his stomach is out of order, and the allied organs of digestion and nutrition impaired in their functions, a friction is set up which has to be overcome in addition to the performance of daily duties. A foul stomach makes a foggy brain, and the man with a disordered stomach has often to grope his way through the day's business like a man in a fog. He forgets appointments. Problems seem presented to his mind "wrong end to." This condition is entirely remedied by the use of Dr. Pierce's Golden Medical Discovery. It puts the stomach and digestive and nutritive system into a condition of perfect health, and gives a clear brain, a steady hand and a light step for the day's duties. When constipation clogs the channels of the body, Dr. Pierce's Pleasant Pellets will work an effectual cure of that disastrous disease.

MT. NEBO AND SAWDUST VALLEY.

MT. NEBO, Sept. 18.—We shall begin our letter this week with an item of sadness. To the many relatives and friends of Mrs. Dr. Rupe (nee Miss Salie McBride) has come a profound sorrow, as she departed this life at her home in Columbia last Saturday, leaving a husband and two dear little children. "Is true, she has resided in other neighborhoods since her marriage, nearly eight years ago, but here she was born, reared and spent the greater part of her life. Being our friend and neighbor so long, we feel she ever be-

longed to our circle. Hers was a quiet and unassuming nature, yet she was truly a good christian woman, and had many warm friends, who, with us, sympathized with the aged mother, brothers and sisters, husband and dear little children. Funeral services were conducted at Nebo yesterday afternoon by Revs. P. A. Sowell and W. H. Beasley, and the remains were placed beneath the soil beside other loved ones who have gone on before.

Mr. Lafayette Chamberlain continues in quite a critical condition at his home in Sawdust Valley, and is not expected to live.

There have been several cases of scarlet fever throughout the country, and little Hazel McBride is just recovering from an attack.

Mrs. Mollie Dame has been sick since our last, but is improving.

Work has now begun on the big new mill at Sawdust Valley.

Mr. and Mrs. Marvin Fly, of McCain's, came down last week and had a handsome tomb placed over the grave of the late Wm. H. Fly. They visited the home of Dr. Joyce.

We learn there has also been a beautiful monument erected to the memory of Rev. G. W. Russell.

The Linn family are having a nice residence erected at their old home place and will occupy it.

Miss Ophelia Page, who is teaching the school at Concord, spent from Friday till Monday with Dr. and Mrs. W. W. Joyce.

A very pleasant social entertainment was given on Saturday night by Misses Cora and Alice McBride.

Mr. James Johnson, of Camp Branch, visited his sister, Mrs. George Nance, since our last.

LODEBAR.

LODEBAR, Sept. 12.—This bright morning, while all nature seems to be in perfect harmony, we wish to enter the columns of the dear old HERALD again. We know we have neglected our duties, but we hope you will excuse our negligence, as the protracted meeting has been going on and we have been very busy.

It becomes our duty to chronicle the death of the sweet little babe of Mr. Ben Potts and Mr. Geo. Overbey. The bereaved parents and other relatives have our deepest sympathy, and we would say to them, "Weep not, but let us live more and more for God each day, for our time is coming, too, and we know not when the dark shadow of death will overtake us."

Mr. Henry Burns is quite sick this week; also Mrs. Geo. Thompson.

On Aug. 30, Mr. Henry Moss and Miss

Alice Green were married at the residence of Bro. Litton officiating. After the ceremony the bridal party repaired to Mr. Moss', where a nice menu was served.

Misses Lucetta and Bettie Potts returned to their homes last Friday after enjoying a pleasant visit to Hickman county, where they attended Bro. Cisco's meeting.

Mrs. Alex Potts has returned to her home after several weeks' stay with her daughter.

Mr. Miles Potts is visiting his brother near Bon Aqua this week.

Mr. William Moss had the misfortune of getting his dwelling burnt down one day last week. The contents were also consumed.

Mr. Will Morton, of near Mt. Pleasant, has moved to this place, where he will remain the next year.

Miss Mary Moss has gone to Nashville, where she expects to remain several months.

Mr. W. R. Ral made a business trip to Nashville last week.

Mr. N. Meacham, of Hillsboro, was with friends here several days this week.

Bro. Spivey, of near Thompson Station, will hold our protracted meeting at Beech Valley, beginning the second Sunday in October.

Several from this place attended the Ragdale and Greer trial last week. I sent a report of the death of Ragdale's wife in some time since, but failed to see it in print. Ragdale shot her accidentally, death resulting immediately. Afterwards her father had Ragdale arrested, but nothing could be proved against him.

REMINISCENCES.

"Lesbia" Writes Interestingly of the Herald's "Family."

ROBY, TEXAS, Sept. 16.—Months have passed and years have gone since first I became a correspondent of the HERALD. It was in the spring of 1889, while still a resident of Campbellville, Tenn., that I entered the corps of the HERALD's contributors. Through all these years, with scarcely an interval, this faithful courier has found its way regularly to my home. I value and appreciate it as I do a long tried friend. It brings me news of home—

"My childhood's home in Tennessee, The dearest spot on earth to me."

And rarely, if ever, do I look through the woman's department without finding some pretty uttered thought that cheers and strengthens.

As time and change have left their impress upon all things else, so have they in the news department of the HERALD. Some of the writers of ten years ago have lapsed into silence, and are heard from no more. "Sindbad the Sailor" is otherwise occupied now, I suppose, and is, perhaps, fast working his way to fame and fortune. I hope so, as besides the interest I feel in every one of the HERALD family, there is another and stronger one resulting from the kindred tie existing between our parents.

Another of our gifted writers, "Verna Villiers," has been silent for a long time, or else uses another name. What is it, sister Verna? We miss your versatile pieces and pleasant, friendly greetings.

"Barbara" is ever faithful. Carefully treasured in memory's thesaurus are many beautiful expressions traced by her facile pen. And sometimes we are favored by an elegant production from "Barbara's" substitute. A year ago, when but a child, I once had the pleasure of seeing "Barbara" in her home at "Hillsdale." The soldier-boy, now far away, was then a pretty babe of less than three years. When he returns, as I pray he may, may the joy of seeing mother and sister again outweigh the sadness he will feel at the sight of the chairs made vacant since his departure and the new-made grave on the hillside.

Occasionally, a bright, cheery letter comes from "Rippling Waves," away in Arkansas. Full of vivacity and friendliness, her letters are always interesting.

Many others might be mentioned, as the HERALD has no drones, but space and time forbid.

Judge Wagstaff, one of our Giles county boys, acted as District Judge during the term of court held at this place recently. Numerous compliments were passed upon him as to his ability as a lawyer, his superior education and his excellent judgment. The sheriff of this county, who is, by the way, a worthy man and competent to judge in such matters, said to me that Judge Wagstaff is the finest Judge he ever saw upon the bench. Mr. Wagstaff was President of the Buffalo Gap College, Buffalo Gap, Texas, for a number of years, during which time the school was eminently successful.

Dr. H. A. Jones has just closed a meeting at this place. Those who have failed to hear Dr. Jones have missed a literary treat. He has made friends with the greatest poets, novelists, artists and historians of all ages, and he understands the Gospel plan of salvation.

The HERALD will visit me at Roby hereafter, as I shall be engaged in the Roby High School during this scholastic year. This being the county seat, also possessing a good school building and a number of hospitable people desirous of making the school a success, we hope to have a pleasant year's work. The long drouth was broken slightly by a good shower last night, and appearances promise a better rain. It will come too late to aid the cotton, but stock water is getting scarce and all would enjoy a beautiful rain.

Kind greetings to all. LESBIA.

ROBBED THE GRAVE.

A startling incident of which Mr. John Oliver, of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in the back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for the weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50c per bottle at Wolridge & Irvine's drug store. June 17

H. F. FARNS, P. M.

Miss Katie Weems, Redden, Tenn., writes: "Have used Dr. M. A. S. M. one of Liver Medicine 3 years. It cures liver and stomach troubles. I have to take twice as much Zello's and Black Draught to have the same effect as a dose of Dr. M. A. S. M. Sold by Wolridge & Irvine."

He Didn't Like Chopin.

"A musician out of work, are you?" said the housekeeper. "Well, you'll find a few cords in the woodshed. Suppose you favor us with an obligato."

"Pardon the pronunciation, madam," replied Peripatetic Padroosky, "but Chopin is not popular with me."

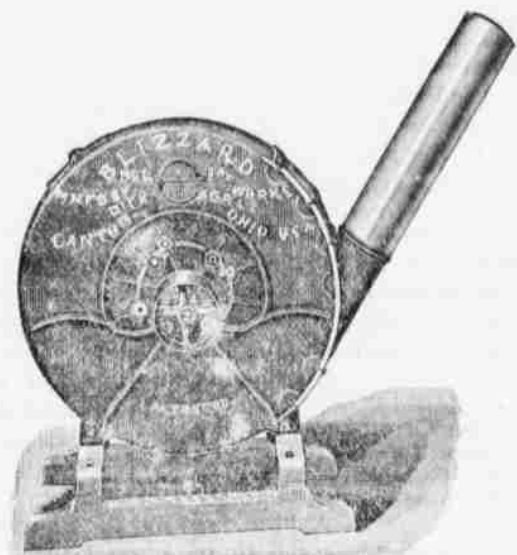

Headache for Forty Years.

For forty years I suffered from sick headaches. A year ago I began using Celery King. The result was gratifying and surprising, my headaches leaving at once. The headaches used to return every seventh day, but thanks to Celery King, I have had but one headache in the last eleven months. I know that what cured me will help others.—Mrs. John D. Van Keuren, Saugerties, N. Y.

Celery King cures Constipation and all diseases of the Nerves, Stomach, Liver and Kidneys. Sent by druggists. 25c and 50c.
